Chicago, Illinois 60604

Subject: Knox County Housing Authority
ILD 981 795 503
No Further Remedial Action
Planned

Dear Mr. Altur:

Enclosed is a no further remedial action planned (NFRAP) recommendation packet for the Knox County Housing Authority screening site inspection (SSI). A reconnaissance of the City of Galesburg Kiwanis Park SSI (Kiwanis Park) was conducted as part of the Knox County Housing Authority SSI. A PA-score for Kiwanis Park was calculated and is included for your file.

If you have any questions, call me at (312) 346-3775.

Sincerely,

BLACK & VEATCH Waste Science, Inc.

Richard M. McAvoy

No Further Remedial Action Planned
Knox County Housing Authority
USEPA ID No.: ILD 981 795 503

Knox County Housing Authority was listed in the Comprehensive Environmental Response, Compensation, and Liability Information System (CERCLIS) on January 28, 1987. This action was a result of a citizen complaint that alleged the housing project was on a former dump and residents were being made sick by dumped material. The site was referred to the Illinois Environmental Protection Agency (IEPA) Pre-Remedial Program. Figure 1 presents a site location map.

The IEPA completed a preliminary assessment (PA) of Knox County Housing Authority on October 31, 1988. Though IEPA investigators found no signs of contamination or disposal of hazardous waste, the site was given a low priority status for further evaluation in the CERCLIS database.

Gathering of background data for the Knox County Housing Authority screening site inspection (SSI) began in January 1993. An SSI reconnaissance was conducted on August 12, 1993. Photographs taken during the reconnaissance are attached. SSI investigators found no obvious sign of contamination or historical evidence indicating this property was a former dump. The site is an active apartment complex.

During the reconnaissance, an inspection of the City of Galesburg Kiwanis Park (ILD 980 606 768) was conducted since the park was the former site of a refuse dump. It is directly east of the housing project. No evidence of leachate or exposed refuse was observed.

A PA-Score was not compiled for the Knox County Housing Authority because no waste sources have been identified.

Because no waste sources were identified at the site, a no further remedial action planned rating is recommended for the Knox County Housing Authority SSI.
